

# SVC1080-LCA

Full HD Commercial Grade Dash Camera for Fleets

PROFESSIONAL IN-VEHICLE CAMERA SYSTEMS FOR THE PROFESSIONAL FLEET OPERATOR

# Why SmartWitness?

**SmartWitness are a world-leading designer, manufacturer and supplier of in-vehicle cameras, recorders and safety systems.**

## 2007

The year we started providing in-vehicle cameras to fleet operators and commercial vehicle owners.

## 200K

The amount of vehicles around the world benefitting from SmartWitness protection.

## 35M

The amount of miles driven every day under the watchful eye of SmartWitness solutions.

## £1.5M

The amount we have spent to date on R&D. We're constantly developing new products and technologies.

### HD Evidence Captured

High-definition cameras capture crystal-clear images of inside/outside of the vehicle.

### GPS Location Recorded

Built-in GPS/Glonass provides precise event location, route, vehicle speed & direction.

### 3G/4G Connected

Cellular connectivity provides real-time images, live location, and on-demand HD video upload.

### Event Analysis

Powerful software is included with every system to review, analyse and backup video on your PC.

Today, SmartWitness is further bridging the gap between vehicle telematics and video with its lineup of network connected products and accompanying API stack.

- ⊖ Proven reduction of incident frequency
- ⊖ Defend driving offence allegations
- ⊖ Safeguard your staff
- ⊖ Address legal requirement for collision management
- ⊖ Mitigation of whiplash/personal injury claims
- ⊖ Added security & crime deterrent
- ⊖ Increased speed of claim resolution
- ⊖ Deterrent in cash-for-crash/staged incidents
- ⊖ Protect yourself against insurance fraud

**SVC1080-LCA** Commercial grade camera that records exactly what happened before, during and after an incident on the road; facilitating the capture of the following information:

- Drivers view of the road
- Impact force & location of incident
- Audio recording (optional)
- Driving style - speed, acceleration, braking & steering

- Real-time HD image of driver's view -170° angle
- Up to 60 hours of ignition-on recording available on the device
- Built-in G-Shock Sensor
- Dual Record mode (Continuous and Event)
- Connects to vehicle ignition power, automated operation
- Tamper-resistant design, key required to access SD card data

## Video/Data Analysis

- View vehicle speed, direction, location & driving behaviour
- Advanced analysis software
- Integrated Google™ maps
- Detailed G-Force/impact data
- Alert to your telematics system
- Court admissible encryption
- Free SmartWitness cloud upload service

## Performance you can rely on

- Commercial grade design
- Fully configurable to suit all vehicle types
- Widest viewing angle - for pillar to pillar coverage
- LED status including audible alert
- System self-check and management
- Self-calibrating Smart G-Sensor
- Protects your insurance premium and helps control your loss ratio
